415-359-8741 | San Francisco, CA | [antran1245@gmail.com](mailto:antran1245@gmail.com) | [linkedin.com/in/an-tran1245](https://www.linkedin.com/in/an-tran1245) | [github.com/antran1245](https://github.com/antran1245)

## TECHNICAL SKILLS

**Languages:** JavaScript, HTML5, CSS, Python, SQL | **Frameworks/Libraries:** React, Flask, Jinja2, jQuery, Bootstrap, React Native, Express, Mongoose | **Databases:** MySQL, MongoDB | **Tools:** REST API, JSON, MySQL Workbench, Git, Github

## TECHNICAL PROJECTS

**Joke Board** | Full Stack Developer | [github.com/antran1245/joke-board](https://github.com/antran1245/joke-board) | JavaScript, HTML, CSS, React, Express  
*A website with multiple joke APIs for visitors to learn new jokes.*

- Integrated API calls from both the client and server side to retrieve all the possible jokes.
- Constructed a friendly UI with React and react-bootstrap framework to filter out jokes depending on the API.
- Implemented a Mongo database to display a leaderboard of the 5 most liked jokes.

**Crime Map** | Full Stack Developer | [github.com/antran1245/crime\\_project](https://github.com/antran1245/crime_project) | JavaScript, HTML, CSS, Python, Flask  
*A map displaying crime reports in the general area of San Francisco.*

- Integrated Google Maps API that will display a marker for each crime report from the San Francisco database.
- Constructed a filter option by fetching all unique entries from crime reports from the database.
- Implemented a MySQL database for users to leave and view comments on crime report markers.

**Location** | Developer | React Native, Expo, JavaScript, Google Maps API  
*An iOS Reminder Application that helps users avoid parking tickets by informing them to move their car.*

- Convinced the client that a software only solution was a more ideal solution to his problem.
- Developed an iOS application on the Expo platform because of the lack of a macOS environment.
- Constructed multiple iterations of UI design for a more user-friendly experience using React.

## PROFESSIONAL EXPERIENCE

**Developer (Internship)** | San Francisco, CA 2022

- Researched into the development and capabilities of Google Add-ons for proof of concept.
- Developed a Google Doc sidebar based on a constructed wireframe.
- Documented information and guideline for the development and deployment of add-on.

**Stock Associate** | Zara | San Francisco, CA 2021-2022

- Worked as a team to keep the stockroom organized and clean for easier access and locate items.
- Packaged and shipped materials to other stores and customers in a timely manner.
- Changed in schedule to meet with changes in work schedule at late notice.
- Assisted other department roles in completion of tasks to have the store prepare for customers.

**Cashier** | Wingstop Restaurants | Santa Cruz, CA 2018-2020

- Communicated with my co-workers to establish and distribute tasks for the day.
- Handled different roles at work depending on changes to the working environment.
- Provided customer services by providing information and/or answering questions.
- Handled customers' complaints by providing all the possible solutions.
- Acted as a source of information for new employees.

## EDUCATION

**Coding Dojo** | Full-Stack Developer Certificate | Remote 2022

- Immersive Full-Stack Training Program in Python, MERN

**University of California, Santa Cruz** | Bachelor in Computer Science | Santa Cruz, CA 2020
